Matt

The most current QMP you all submitted is dated March 2014 (QMP Rev 3). Are there any updates to that QMP, now that we are in the RI/FS phase? I was talking to our QA Officer regarding the QMP and he said it gets filed in their system along with the final RI/FS QAPP and the two documents are linked to each other. If there are updates please let me know and please provide me with a draft revised QMP. Our QA officer would like to review and see if he has any comments. Once we finalize the revised QMP and QAPP they will be filed in the QA database.
